

ICC NORTHEAST REGIONAL COALITION

NERC News November 2, 2006

A new communications effort has been started that will assist NERC members as well as all ICC Members to have direct input to the ICC Board of Directors.

Paste the following link into your browser and see the changes made that will help our members in being able to take up any concern or issue, good or not so good, they may have and have that issue go directly to the ICC Board of Directors.

www.nycodesforum.org

ICC Board Director Ron Piester has spearheaded an effort to establish a direct communications forum. A Members Feedback Forum. At the website you will still be able to view many topics. It will still house NERC meeting minutes and other related info.

New is a place that will let all members know the date when the next Board of Directors meeting is to take place. You will be able to send a message to Ron about any of your concerns and have them go directly to the Board of Directors for that next scheduled meeting. How great and effective can this be? It will be as good as those who use it. Try it, send Ron a message and let him know what you think of this effort to establish a direct communications forum to the ICC Board of Directors.

There is a cut off date to send him a message. The cut off date is important so that any further communications that may be needed prior to the Board meeting can take place and give enough time to ensure your issue or concerns can be addressed the best way. Ron will then take the issue back to the Board of Directors. Talk about opening up the lines of communications!

This is a great positive step in moving our Region into a more effective, more powerful organization. The Board listened about our collective concerns about the late ICC/IAPMO joint venture. However piecemeal it may have been. Now we have a tool and method to reach out and have it go directly to the Board. Collectively! How powerful can that be?

All NERC Officers hope that you will take advantage of this newly created communications forum and send your concerns, complaints or compliments directly to our Regions ICC Board of Directors representative.

Use is not restricted to just NERC members. As Ron is a Director at large, he is available to all ICC members via standard methods and this new communications forum.

Yours in codes,

Wayne Cichon
Secretary/Treasurer NERC
